HOLLYWOOD PROFESSIONAL SCHOOL

is an accredited college preparatory school, which was established for the purpose of offering a strong academic foundation to professional students actively engaged in motion picture or radio work. The large enrollment of non-professional students and those studying intensively in some branch of the cultural arts, attests the adaptability of the program. The school's educational ideal may be briefly expressed as the desire to give training and advice which will enable the student to achieve his highest potentialities.

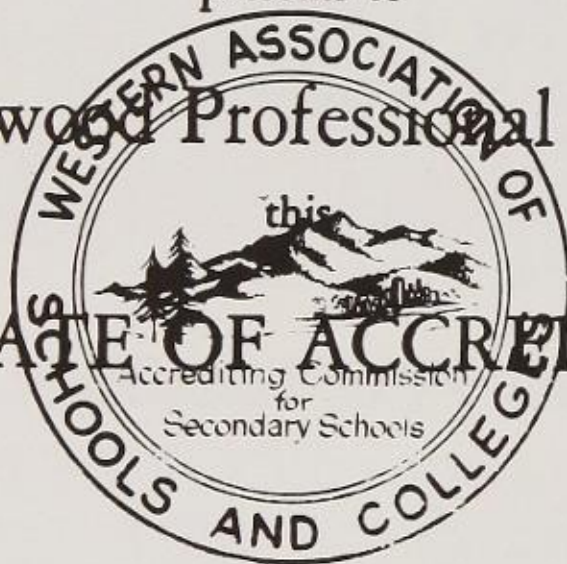

Significant among the many contributing factors to the realization of this objective, is the guidance program. Each student's course of study is planned according to his interests, talents, and objectives. By developing those qualities and skills which will enable him to find gainful employment and to become a desirable member of his community, he is prepared for economic independence. Aesthetic and cultural subjects are considered essential as preparation for leisure time. As a result of this integrating program and personalized instruction, graduates have been able, not only to bring credit to themselves and to the school, but to "keep pace with an ever-changing world."

PHILOSOPHY

The Hollywood Professional School is a co-educational day school, which was established for the purpose of offering a strong academic foundation to professional students actively engaged in motion pictures, television, radio broadcasting, and amateur and professional athletic competition, or students devoting part of their time to the development of special talents in the cultural fields. Its scope has enlarged to include many non-professional students who have found the personalized instruction, the four-hour school day, and the opportunity for competent, friendly assistance ideal in meeting their educational needs.

The four-hour morning sessions from 8:45 to 12:45 permit the professional student to rehearse, prepare for auditions and interviews and study in a chosen professional field; the non-professional student may practice and perform in areas of his own interests during the early afternoon hours.

EACH PUPIL SHOULD:

1. Understand the heritage of our nation, including American institutions and ideals.
2. Think clearly about national and international affairs.
3. Be helped to develop self-discipline of mind and body.
4. Appreciate the cultural heritage of world civilizations.
5. Meet college entrance requirements in the fields of United States history, American government, English composition, literature, oral expression, algebra, geometry, laboratory science, foreign language with a written literature, and advanced courses in mathematics or foreign language, or laboratory science for entrance to a state university.
6. Understand the importance of literature, art, music, and allied fields as facets of human development and creative expression.
7. Acquire skills in mathematical processes.
8. Understand the basic methods of biological and physical sciences.

TO THE 1973 HIGH SCHOOL GRADUATES:

On graduation day this spring, you harvest the fruits of twelve years of hard work and you savor the taste of achievement. It is a time for pride. As your families, schools, and communities let you know how proud they are of what you have done, I want to say on behalf of all Americans that your country is proud too.

But it is also a time to look forward. Your education will continue in the years ahead -- whether on a campus, at a job, in the home, or in uniform. I encourage you to use your opportunities to the full, living to help others and to better yourselves and wringing every drop of learning out of life's adventure.

Adventure it will be, and a greater one than any young men and women before you have ever enjoyed. The world in 1973 is stirring with renewal and eager for what you have to share. For the first time in your lifetime, the world is entering an age of peace, and the Nation feels the promise of a new era of progress.

America's 200th birthday is approaching, and the third century that begins then will belong to you. It will be exciting to see what you will make of it -- and of yourselves.

Dear Mr. Levoy:

Congratulations on being selected as a National Merit Commended Student. This distinction, and the scholastic ability which it represents, indicate that you should be able to pursue successfully the career of your choice.

UNITED STATES MILITARY ACADEMY
WEST POINT, NEW YORK 10996

Dear Mr. Levoy:

You are to be commended on your academic efforts and significant achievement. As a result of your participation in the National Merit Scholarship Program, your name has come to the attention of the Admissions Office at the United States Military Academy. Many of the strict criteria which you have so easily met for National Merit Scholarship recognition are similar to the criteria we use at West Point for selecting young men for admission to the Academy.

Today, more than ever before, the need exists for talented young men, such as yourself, to be prepared to furnish the imaginative leadership necessary to keep our nation the most advanced in the world. To meet this challenge, West Point annually provides an opportunity for 1360 qualified young men to receive an outstanding undergraduate education at government expense. This is the first step in their training and development as Regular Army Officers - leaders of tomorrow.

Dear Colette,

It is a pleasure to congratulate you on the honor of being named Homemaker of Tomorrow for your school. You can wear your award with pride, knowing that it stands for qualities of understanding and high values which will stand you in good stead all the rest of your life.

Your future holds the exciting possibility that you may go on to be named Homemaker of Tomorrow for your state or even All-American Homemaker of Tomorrow, with the college scholarships these honors carry with them.

For the distinction you have already won, we at General Mills - like your family and friends - are proud of you.

Cordially,

FOUR SEASONS IN THE WOODS

CATARACTS FALLING;
SPRING IS CALLING.
PLANTS ARE BLOOMING,
CREATURES ARE GROOMING.

SUMMER COMES
WITH PLENTY FOR ALL,
HAPPINESS ABOUNDS
FROM THE WOOD-THRUSHES CALL.

FALL COMES QUICKLY;
LEAVES HEAVE A FAREWELL SIGH,
THE SQUIRRELS MUST GATHER
THEIR WINTER SUPPLIES.

WINTER HAS COME,
AND SOME ARE SLEEPING,
SOME ARE PLAYING,
AND SOME ARE WEeping.

A WOODLAND YEAR
HAS PASSED AWAY;
AGAIN COMES SPRING
WITH THE BREAK OF DAY.

WHAT IS A BOY?

By Alan Beck

Between the innocence of babyhood and the dignity of manhood we find a delightful creature called a boy. Boys come in assorted sizes, weights, and colors, but all boys have the same creed: To enjoy every second of every minute of every hour of every day and to protest with noise (their only weapon) when their last minute is finished and the adult males pack them off to bed at night.

Boys are found everywhere—on top of, underneath, inside of, climbing on, swinging from, running around, or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them, and Heaven protects them. A boy is Truth with dirt on its face, Beauty with a cut on its finger, Wisdom with bubble gum in its hair, and the Hope of the future with a frog in its pocket.

When you are busy a boy is an inconsiderate, bothersome, intruding jangle of noise. When you want him to make a good impression his brain turns to jelly or else he becomes a savage, sadistic, jungle creature bent on destroying the world and himself with it.

A boy is a composite—he has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of a Paul Bunyan, the shyness of a violet, the audacity of a steel trap, the enthusiasm of a fire cracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, woods, water (in its natural habitat), large animals, Dad, trains, Saturday mornings, and fire engines. He is not much for Sunday school company, schools, books without pictures, music lessons, neckties, barbers, girls, overcoats, adults, or bedtime.

Nobody else is so early to rise or so late to supper. Nobody else gets as much fun out of trees, dogs, and breezes. Nobody else can cram into one pocket a rusty knife, a half-eaten apple, three feet of string, an empty Bull Durham sack, two gumdrops, six cents, a slingshot, a chunk of unknown substance, and a genuine supersonic code ring with a secret compartment.

A boy is a magical creature—you can lock him out of your workshop, but you can't lock him out of your heart. You can get him out of your study, but you can't get him out of your mind. Might as well give up—he's your captor, your jailer, your boss, and your master—a freckle-faced, pint sized, cat-chasing bundle of noise. But when you come home at night with only the shattered pieces of your hopes and dreams he can mend them like new with two magic words—"Hi, Dad!"

MODELS IN THIS ISSUE

Here's a rundown on the girls and boys who posed for our stories this month.

OF ALL THE LUCK

BARBARA GABLAND who was Marilyn, is 5'7", 16 years old and in the 10th grade at Hollywood Professional School. Barbara lives in El Toro, Calif., and would like to be an actress someday. Her hobbies include playing the guitar and twirling.

MIKE GRASSO was Barbara's boyfriend. Mike is also 16, about 5'9" and in 10th grade at Hollywood Professional School, so he and Barbara were already good friends. Mike likes football and baseball, and he also enjoys reading about and raising cattle—he even has a cow of his own, right in Hollywood!

at Hollywood Professional School—president of her class! After high school, she'll go on to college and study pre-law for political science. Her hobbies: Public speaking, reading, sewing and bicycling.

LORI LANG

JOANNE DALY posed as Pamela. She's 14 years old, 5'8" and a freshman at Hollywood Professional School. Joanne collects stamps, makes her own beautiful candles—and takes jazz dancing lessons every week! Busy girl!

IRIS GUNSTEAD, who played Darlene, is 15 years old, 5'4" and in 10th grade at Hollywood Professional School. Her favorite subjects are Spanish and drama, and she likes to write in her spare time. Because she likes pets so much, her big black poodle Bo is one of her favorite companions!

Unlike the story, none of these three girls have trouble getting dated!

THE HOUSE ON THE HILL

JANET MANN played the very convincing babysitter. She's 5'6", 17 years old and a senior at Hollywood High School. Janet learned to ski three years ago and that's become her favorite winter sport! She also swims, plays tennis, rides and, if that's not enough, plays piano and clarinet!

THE LAST MUSKETEER

LORI LANG was Barbara. Lori's 17 and 16 years old. She's a senior

It wasn't as if Pamela, Barbara, and Darlene weren't popular . . . they just didn't want to date boys . . . any boys!

Darlene shocked her friends when she told them what Herbie Ruckerman had asked her.

AUSTIN PRICE "THE PRICE IS RIGHT"

Andrew Austin Price, Jr. is now being seen in the recently released film "Trouble Man" and "Black Girl." A promising young actor, Andrew is a student and is studying drama and music. He has another film to be released soon for Disney Studios, "The World's Greatest Athlete."

ANDREW AUSTIN PRICE, JR.

Leslie Price, Andrew's teenage sister will soon be seen in Room 222 and Marcus Welby, M.D., and from the looks of things "The Prices Are Right."

Juan Cienfuegos, 11, is greeted by Santa Claus and Debbie Connors, Hollywood Law Enforcement Explorer Scout, who delivered Christmas gifts at Los Angeles Childrens Hospital.

Local Students In Holiday Show

On Friday, Dec. 15, Whittier residents who are students at Hollywood Professional School will present a special Christmas comedy, "A Yuletide Dilemma," written and directed by the head of their drama department, Chester Reed.

This climax of the academic day school's schedule of art productions for the year will feature the Graduate, Charles Edward Link, Trina Herberman, Thomas Reed, Joanne Stevenson, Kevin Kelley, Camie Zaman and Gracia Burdado, with producers assistants Kelly Ann Delanger and Rita Den.

I SAW THE BRADY BUNCH KIDS IN C

Every Brady Buncher knows that talented Chris Knight is a turn on to watch whether he's acting or singing and dancing! Come along with Maureen to the concert stage where the Brady Bunch are performing for the very first time in public! Maureen tells you all about...

CHRIS' ON STAGE TALENT!

by MAUREEN MCCORMICK, Campaign Manager

MAUREEN: "We as Brady Bunchers were super excited about doing a concert for our fans for the very first time! Chris, especially, was so full of excitement and energy at the thought of singing in front of a live audience! When Chris sings a slow, romantic love song, he gets kind of a way, looking back in his eyes as he gives into the audience! You can tell from the joyful look on his face, that the lyrics have a very special meaning to him because of the love he feels for every one of his fans!"

MAUREEN: "Chris always wears casual clothes off-stage, but when we do a concert, he likes to get dressed up for his fans! This white turtleneck shirt and flare pants with the funky embroidered belt is one of his favorite concert outfits!"

MAUREEN: "Get out here to watch the way Chris moves around on stage, dancing to a heavy rock music. You can tell that he's one of those special people who really lives the music deep down inside. And you can see that he's 'lovin' every minute of his on-stage performance! (Lucky!) At the end of his song, Chris takes a few minutes to rap with his fans in the audience. He tells them how much he appreciates their coming to the Brady concert. He doesn't think there are the thousands of sweet letters they write to him every week! At this particular concert, Chris was telling his fans a little about our new album, which is coming out soon, and where we're going to be on our summer concert tour across the United States! We all hope we can come to your town!"
